Terry Evans...is slowly recovering from his surgeries. He's been totally incapacitated & unable to use his legs, meaning lots of patient care for Cathi. Last Friday he began dangling his injured leg for 20 minutes, 5 x daily. In late June, Terry returns to Stanford for evaluation of his bone graft & if all goes well, he'll be ready for his next surgery to attach a tendon from his leg to his foot so he can lift it. Terry & Cathi appreciate your continued prayers. Contact info is 1565 Maxwellton, SLO, CA.
