## Prayer Requests

<u>Doris Riehle</u>...has been suffering from Lyme disease that may have occurred from a bug bite up to 2 years ago. After a recent Dr. visit, there seems to be a light at the end of the long tunnel, but for now she's taking 40 pills each day, (no, that's not a typo) plus antibiotics. She is on a restricted and weird diet and dealing with nausea at the same time. In the next few months, she hopes to be off the pills, but she'll have to remain on the antibiotics for up to a year. Doris is weak and in constant pain, but that is becoming less and less, though the progress is slow. She used to ride her bicycle 20 miles each day. Now it's a struggle for her to make 5 miles (and that's with a tailwind). Contact info for Doris is: 4737 Cherry Ave. Santa Maria, CA 93455, (805) 937-1077.
